

President's Message: December 2024

As the year draws to a close, we reflect on the events and challenges we've faced. It's been a rough year for many. We lost our good friend Smitty and many are still dealing with the issues left by back to back Hurricanes.

So it is with the deepest sincerity that I hope this holiday season brings you and your family peace, hope, and the warmth of loved ones. Together we can look forward to a brighter new year filled with fresh opportunities and shared joys.

Wishing you and yours a happy and restful holiday season,

David
